Rental Permit & Inspection Additional Information

Code References

All inspections are performed based on the following codes:

- [2012 International Property Maintenance Code](#)
- [Brandon Code of Ordinances, Section 18-1](#)

Common Inspection Issues:

- Address numbers on the home must be plainly legible and visible from the street or road fronting the property.
- Smoke alarms must be installed and maintained in each of the following locations:
 - On the ceiling or wall outside of each separate sleeping area.
 - In each room used for sleeping purposes
 - In each storing within the dwelling until except for crawl spaces and uninhabitable attics.
- All surfaces must be free of holes, damaged or loose material which would let in rain, moisture, insects or animals.
- The exterior trim must be free of holes, breaks and loose or damaged construction material.
- Glass windowpanes must be free of open cracks or holes.
- Locks on all doors leading to the exterior of the building must be readily openable from the inside.
- Electrical panels must be labeled.
- The fence and gates must be in good repair and any repairs or replacements must be made with compatible materials.

Common Code Violations:

- Vehicles must be parked on a driveway. Parking on the grass and street is prohibited.
- Inoperable vehicles must be parked or stored within a completely enclosed structure.
- Grass and weeds must not exceed more than 12 inches in height.
- Solid waste must not be placed in front of your residence or next to the street prior to 24 hours before your scheduled trash pick-up; trash should not be allowed to be blown or scattered about by the wind.
- Outdoor items must be stored within a fully enclosed structure or screened from view of the adjacent neighbors and streets.
